The Common Core State Standards for English Language Arts & Literacy in History/Social Studies, Science, and Technical Subjects (the standards) represent the next generation of K-12 standards designed to prepare all students for success in college, career, and life by the time they graduate from high school. The Common Core asks students to read stories and literature, as well as more complex texts that provide facts and background knowledge in areas such as science and social studies.

~~English Language Arts Standards | Common Core State ...~~

The Standards require that students be able to incorporate narrative elements effectively into arguments and informative/explanatory texts. In history/social studies, students must be able to incorporate narrative accounts into their analyses of individuals or events of historical import.

~~Writing - Common Core State Standards Initiative~~

They do not include separate Anchor Standards like those used in the ELA/literacy standards. The Common Core concentrates on a clear set of math skills and concepts. Students will learn concepts in a more organized way both during the school year and across grades. The standards encourage students to solve real-world problems. Understanding Mathematics

~~Mathematics Standards | Common Core State Standards Initiative~~

The Standards comprise three main sections: a comprehensive K-5 section and two content area-specific sections for grades 6-12, one for ELA and one for history/social studies, science, and technical subjects. Three appendices accompany the main document. Each section is divided into strands.
