The creation of new ventures is one of the most important economic issues of this time, all over the world. This course follows a double approach. The first approach is the sustainable entrepreneurship approach, dealing with the economic, social and ecological aspects of new ventures. The second approach is the life cycle of the firm approach, dealing with the changes of the firm and the entrepreneur during the life cycle of the firm.

New Venture Creation and Entrepreneurship - Courses ...

Research in different contexts will extend an understanding of commonalities, and differences, in the pathways from entrepreneurship education to new venture creation. A longitudinal study would separate measures of intention and behaviour over time, as graduates start their own ventures or enter the workforce.
